Integrated EFTPOS
Solutions

paymentexpress®

Leading Integrated EFTPOS Solution

Payment Express is the leading integrated EFTPOS solution that integrates with most major point of sales systems. If you have PC at point of sale, its a small step to add integrated EFTPOS which then links your PC to an EFTPOS PINpad.

Payment Express offers significant cost savings and value adding features that no other device can, it exceeds all global security standards and future proofs against any new mandates.

With over 10 years experience providing integrated EFTPOS and payment solutions to the largest and most complex customers globally, and complying with local and international standards, Payment Express is the logical choice for your Integrated EFTPOS.
